

1 might be a troublesome operation, by putting the new plan  
2 into effect to reduce the legislature, it might simplify  
3 the transition.

4 DELEGATE GALLAGHER: No, Judge Henderson, it  
5 did not, but it certainly is something that we should  
6 consider. I don't know whether the malapportionment -- well,  
7 it would be so bad that you would find yourself with a  
8 suit in 1971, in any event.

9 THE CHAIRMAN: Any further questions?

10 Delegate Chabot.

11 DELEGATE CHABOT: I wonder if the language of  
12 section 3.12 would permit or would preclude the carrying  
13 over of bills from one section to another so that one would  
14 not be required to introduce bills anew.

15 DELEGATE GALLAGHER: I think in the absence of  
16 a definitive sentence to the effect that one does carry  
17 them over, that one would not interpret 3.12 as allowing  
18 the bills to go over in life from one year to another.

19 THE CHAIRMAN: Delegate Chabot.

20 DELEGATE CHABOT: Has the Committee given  
21 consideration to this point?
